

YOUTH FOR CHRIST

MOLDOVA

Hello, dear friends!

Below you will find some interesting information about Youth for Christ Moldova's last activities. We hope you'll enjoy reading and we are grateful for your support and prayers.

"I have planted, Apollos watered; but God gave the increase".

1 Cor. 3:6

Youth for Christ Moldova is eager to see new generation of children, teenagers, young people and adults who know the meaning of life and have a goal in life, but the most important is to see a generation that fears God, one that knows God.

In order for this to become true, we've initiated many projects within our organization, one of those is "Get Involved Campaign", through it we want to encourage and mobilize Christian local churches to get involved into the lives of needy people in their community.

Projects should be implemented in the period of May–December. In December, we gather at a round table where every beneficiary can describe their projects and show results.

In February–March, people can submit their projects; 10 winning projects will be selected in April. Selected project will get financial assistance with amounting to 10 000 MDL.

Get Involved 2018

In 2018, 60 projects from different places of Moldova were submitted and 13 were selected. Here are some of them: *Organizing a social laundry place for aged people with special needs– Terebna*; *Arranging a park and planting trees –Cahul*; *Social laundry – Brânza, Crasnoarmeiscoe*; *Building a stove for a family of orphans with special needs – Orhei*; *Social hairdressing salon for elderly people –Șoldănești* etc.

Results

In order to apply those projects successfully, our partners closely collaborate with church, LPA and school. Although, many of them confronted major difficulties, they achieved their goals.

As the result, 23 families, 60 elderly, 3 widows and 2 orphans have benefited from the assistance of these projects. Among beneficiaries, there are churches, kindergartens and a whole society.

Thus, the church plays an active role in society, having a positive impact upon its community, fulfilling its meaning to be salt and light in society.

Soon...

Shortly, we will start another round contest of ideas for the *"Get Involved"* campaign. On **February 15, 2019!** Please, keep us in your prayers for the new year of activities within the *"Get Involved"* campaign, as well as within all YFCM projects!

God bless!!!
